JOHNSON ATTRACTS CHICAGO THRONGS

Negro Champion Greeted at Station by Solid Wall of People.

FORCED TO QUIT FIGHTING

Back With His Mammy and Negro Friends Again—Begins Theatrical Engagement Next Week. No Future Plans.

Chicago, July 7.—Jack Johnson, champion of all prize fighters, tonight is once more at home with his mammy, and his automobile. Today Johnson came into the city with his following through a solid wall of people. Chicagoans lined sidewalks with solid ranks to catch a glimpse of him. Johnson announced that all tentative plans for the future were off.

"Sam Langford?" he asked. "That makes me laugh. I am not running around now, looking for fights. Just now I am going to rest. I'm going to New York Sunday afternoon to begin a 30-week vaudeville tour; at least I have that many weeks at my disposal. I may accept offers to go to Europe.

"Quit, well I never told anyone I would quit, but it looks as though I'd have to."

Five thousand negroes and a large number of white persons made the living wall at the Chicago & Northwestern Railway station, where Johnson landed on his return from Reno. Policemen were swept aside when the fighter fought his way to a waiting automobile.

Johnson in his automobile dashed madly home where his mother, Mrs. Tiney Johnson, and the members of his family waited in the midst of another crowd of thousands.

Flags waved, an ornately attired drum major of a negro regiment of State militia swayed to the rhythm of "America," and "Mistah Johnsing, turn me loose," and other similarly "patriotic" airs. In the midst of a mighty roar of "Oh, you Jack Johnson," the champion alighted at his house.

He pushed his way into the house amid deafening roars and with tears streaming down his face embraced his mother. Behind him a compatriot struggled through the crowd, bearing aloft a smoked bacon side, symbolic of Johnson's own message home: "I'm coming home with the bacon."

"You doan' need no bacon chil," cried the aged Mrs. Johnson. "Ah want to tell you I'se got a mighty fine chicken cookin' out heah in the kitchen, and you knows how you likes watahmelon. We have all got some dandies, Jack."

Johnson went 71 miles an hour in his automobile for a while today till it was slowed down by a park policeman.

"Here goes the profits," laughed Jack, but the policeman clasped the champion's hand and clouted him on the back. Leaning over he whispered, "Don't tel anyone, you old war horse, but I won $20 on you."

"Good," answered Johnson and another whiz landed Jack at a buffet garden.

"Now Jack," said a reporter, "what are you going to do? What about Sam Langford and your mother's saying you were to quit fighting for ever and your trip to Europe?"

"Glad to be asked all at once," he replied, "'Cause I can say I don't know it all. I have enough money to last me till next week and I am going to find out what's doing before I do anything. Sam Langford or anyone else, better get his money up first and then proceed to whip me afterward."

"Did you hear about the picture men's troubles?" Johnson was asked.

"Yes," he answered, "but it doesn't bother me. They all told me I was a fool to sell for $50,000, but they thought I couldn't whip Mr. Jeffries, too."

After illustrating the manner in which he "turned the trick," with a reporter representing Jeffries (much to the discomfiture of the reporter), he said: "The fight's over, let's forget it a while. I haven't had a chance to drive a car in two weeks; and, golly, I want to get at that there machine again."

Friday night Johnson will appear at a Chicago theatre devoted to negroes. Then he will attend a banquet. He says he was too busy having a good time to be bothered by a replevin suit filed today by George W. Little, his former manager, for a $1,200 ring.

His future plans, he said, would be outlined only generally and this is how he generalized them: "Sleep some, eat a pile of good eatables and drive my racer."

As to the fight Johnson has adopted a new answer to inquirers. It is a nod, a knowing wink, a smile of deprecation and gold teeth. As to his future he says: "I certainly would like to stay right here and I don't know but what I will, unless they force me out."

B. & O. ORDERS CARS.

For 4,000 Freight and 1,000 Gondola Cars—Cost $6,100,000.

Baltimore, July 7.—The Baltimore & Ohio Railroad Company today placed orders for 4,000 additional freight cars and will award a contract in a few days for another 1,000 gondola cars. The management also has ordered 50 additional locomotives of the Mikado type. The aggregate cost of the equipment is about $6,100,000.

BEVERIDGE HAPPY TEDDY TO SPEAK

Will Assist Progressive in His Fight For Senate in Indiana.

CONFERRED AT SAGAMORE HILL

Mr. Roosevelt Talks Over Situation With Leaders—Important Developments—Leaders From Several States.

Oyster Bay, N. Y., July 7.—Albert J. Beveridge, United States Senator from Indiana, and one of the most prominent and consistent of the "progressive" Republicans, came down from Sagamore Hill this afternoon with a promise from Theodore Roosevelt to deliver a campaign speech in his fight for re-election to the Senate.

Mr. Beveridge departed contented and smiling but he left it for the colonel to make announcement of the proposed campaign speech in the Senator's behalf. And this is what Mr. Roosevelt said:

"Mr. Foulke and Mr. Swift came to Sagamore Hill last night and spent the night here. They came to request me to go to Indiana and speak in behalf of Senator Beveridge. I promised them that I would."

He added that he had agreed today to make only one speech for the Senator and so far as is now known he will make only one. The time and place for this speech have not been fixed.

Those who have followed the political conferences at Oyster Bay since Theodore Roosevelt's return share the belief that he has cautiously been feeling his way in his attitude toward the administration and the Insurgents, but today's incidents are considered the most important yet developed. Senator Beveridge is making his fight for re-election as an insurgent. He is opposed by John W. Kern, who ran with Bryan in the last campaign.

In his fight the Senator is placing himself squarely against President Taft in so far as the tariff law figures. The law which the President has defended as the best tariff measure ever, is denounced without equivocation by the Senator and the same Republican State convention which endorsed sveridge for another term virtually repudiated the law. In the Senate Beveridge fought the bill to the last and then voted against it.

It is pointed out, however, that with this exception President Taft and the Senator from Indiana have been pulling together so far as administration policies are concerned. There has been no break between them. The President entrusted to the Senator the conduct of two administration measures at the last session of Congress—the Statehood bill and the Alaska government bill. And although the Senator worked faithfully with the Insurgent band in the Senate, and had a hand in the alteration of President Taft's railroad bill, he supported the administration regularly in the last session when the votes were taken.

Sagamore Hill was fairly swarming all day with men of various political persuasions. They talked politics all day long, but as they left town they were unanimously reticent. Consequently Oyster Bay is enveloped in an atmosphere of deep mystery.

There were three Indianans among the visitors. Besides Senator Beveridge they were William Dudley Foulke and Lucian Swift, of Indianapolis.

Three came from New Hampshire—Winston Churchill, the novelist, John Bass, war correspondent and his brother, Robert R. Bass, who is a candidate for the Republican nomination for Governor.

New York State was represented by Representative Hamilton Fish and James R. Sheffield.

From Montana there was U. S. Senator Thomas H. Carter.

Colonel Roosevelt appeared to be well pleased with the result of the day's work of talking politics which began almost as soon as he was up and laster well through the afternoon. To interviewers, however, he would say little except that he had promised to make one speech for Mr. Beveridge. Thus these who sought to interpret the day as a general insurgent rally looking toward the shaping of Colonel Roosevelt's future attiude, were left in the dark. And as an indication that this was not the case there was the presence of Senator Carter, a man who in the past steadily has opposed insurgency.

"Did you come away pleased with the results of your talks?" Senator Beveridge was asked as he left Oyster Bay.

"Well," he said, "I have had many talks with Mr. Roosevelt in the past few years, but never in my experience have I had one more satisfactory than today's."

Further than this Senator Beveridge would not go. "I start on my vacation tomorrow," he added, "and it is needless to say that I go in a very happy frame of mind."

Senator Beveridge said he came to Oyster Bay by appointment. "I found Colonel Roosevelt," he declared, "more alive and more interested in things than ever."

"Colonel Roosevelt has been interested in the fight in New Hampshire since it began in 1906, when I ran for Governor," said Winston Churchill. "This year Robert R. Bass, of Peterboro, is a candidate for Governor. He may be classed with the Insurgents

STRIKE OF 50,000 GARMENT MAKERS

General Walk-Out in New York May Spread to Other Cities.

MUST COMPLY WITH DEMANDS

Strike at Present Confined to New York—Better Pay and Shorter Hours Included in the Demands.

New York, July 7.—Fifty thousand garment and cloak makers of whom 8,000 are women, walked out this afternoon at the call of the International Ladies' Garment Workers' Union, which demands an eight hour day, an increase in wages, and a guarantee that contractors shall stand behind sub-contractors for wage payments. The fight thus far is purely local, but officers of the union said tonight that if the employers attempted to sub-let their work in other cities, notably Chicago, Philadelphia and Cleveland, the union would call a strike there also.

The 1,100 factories here employ 100,000 hands, of which approximately half are organized. The strikers hope to draw many of the non-union workers out by a sympathetic appeal.

"We have plenty of money, between $70,000 and $100,000," said Vice President Polakoff of the union tonight, "and the members in other cities will help us. We have received a great many offers of settlement already, and these will be considered by the settlement committee tomorrow."

On the other hand the executive committee of the Cloak, Suit and Skirt Manufacturers Association, which has 2,000 members in this and other cities, said that no decision had been reached by the committee, but it is certain that no member of the committee will meet the demand of the union.

The strikers on the whole were well behaved today and took their first day off like children on a holiday. Large numbers of them sat in the parks, munching luncheons they had brought with them and swarming thick about the soda water stands.

A circular issued by the union read in part as follows: "Pick no arguments and don't enter into any discussion with your employers or other employers. Give no opportunity for interested parties to make disturbances which may lead to a breach of the law and to arrests. Show the world you know both your duties and your rights and are law abiding citizens."

Ceremonies Attending Unveiling of Washington Statue Arranged.

Washington, July 7.—The French foreign office has fixed August 18th as the date for the ceremonies attending the presentation by the State of Virginia of the bronze reproduction of Houden's famous statue of Washington, to the people of France. The statue will be located in Paris.

The gift was made under a law passed at a recent session of the General Assembly of Virginia "as an expression of Virginia's cordial admiration and loving regard." The Governor of Virginia appointed a committee to arrange for the presentation which was finally accomplished through the American embassy in Paris.

BIG FINE FOR OIL CO

Waters-Pierce Must Pay $75,000—Will Be Restrained.

Enid, Okla. July 7.—The signing of a stipulation by which the Waters-Pierce Oil Company is to pay a fine of $75,000 and be restrained from entering into any contract in restraint of trade, resulted in the dismissal today of the quo warranto suit brought by Attorney General West against the company. The fine is to be payable as follows: $25,000 in 60 days, $25,000 in six months and $25,000 in nine months

It was agreed that the defendant company should maintain uniform prices upon petroleum products in Oklahoma.

Secretary Knox in Race For Chief Justice of Court

Copyright, 1910, by American Press Association.

Washington, July 7.—An entirely new personality entered into the discussion of the probable successor of Chief Justice Fuller when it became known that a number of conservative Republican Senators will press before the President the name of their former colleague, Secretary of State Philander C. Knox. This information comes from one of the Senators concerned, and, while he did not say in so many words that his friends contemplated asking the chief justiceship rather than the associate justiceship that Mr. Moody will probably vacate, it is understood they are convinced that the place of the presiding justice would be a fitting reward for the long and distinguished public career of Mr. Knox. An interesting point in connection with the possible presentation of Mr. Knox's name to the President is that the Secretary has already declined once the offer of an associate justiceship of the Supreme Court. This was offered to him by President Roosevelt.

MORE NICARAGUAN TROUBLE

Threatening Conditions Over Action Ordering 5,000 People to Concentrate at Granada—Madriz Against United States.

Washington, July 7.—A repetition of the Weyler reconcentrade system in Cuba, which caused wide-spread criticism just before the opening of the war with Spain, has been inaugurated in Nicaragua by the government attorneys, according to advices to the State Department today. Probably 5,000 people in the vicinity of the city of Granada are ordered to concentrate at Granada, under an order issued by Sebastian Salinas, the political chief and commandant of the forces of the department of Granada, Nicaragua.

This order as translated was published in El Commercio, a Managua newspaper, and transmitted to the State Department here, as follows:

"1—Within 24 hours from the present moment all the inhabitants of the Mombacho ridge shall assemble at Granada, without distinction of sex or age.

"2—Persons not complying with this regulation shall be treated as revolutionists and dealt with as such."

According to the view here this order would give Granada military regime sufficient pretext to go up into the Mombacho ridge, where a spontaneous revolution recently was put down, and with orders to shoot or kill anyone who refused to obey the concentration edict.

It is regarded here as perfectly obvious that the Madriz government is spending money to control certain Central American newspapers. This belief was expressed today by officials.

The United States delegation to the Pan-American Conference, at Buenos Ayres, Argentine Republic, was due to arrive at their destination today and contemporaneously a newspaper reached here containing a threat of a Latin-American coalition to counterbalance this government's influence at the coming conference. The editorial was in a Managua paper and was quoted from La Informaca of San Jose, Costa Rica.

So far the State Department has received no official indication of any such movement, according to statements today, but expressions have been received at the Department, through the Venezuelan legation here as well as the American legation at Caracas, indicating official concern and annoyance over remarks adverse to this government's attitude attributed to the Venezuelan delegation to the conference.

The official view here is that there would be no justification for airing the United States-Nicaragua case in the coming conference, anymore than there would be in threshing out Peru-Ecuador boundary dispute.

Rome, July 7.—The Tribuna published a statement that Duke De Abruzzi, who is now director general of the arsenal at Venice, recently motored from Venice to Blach, Austria, where he met many Americans, including, it is believed, Miss Katherine Elkins, daughter of Senator Elkins, of West Virginia. This has revived gossip concerning the engagement of the Duke and Miss Elkins.

RATE VICTORY IN THIS STATE

Commission Orders Reduced Rates to Durham and Winston From Virginia Points—Declared Discriminatory.

Washington, July 7.—The Interstate Commerce Commission today ordered a reduction in through freight rates to Winston-Salem and Durham, N. C., from Roanoke and Lynchburg, Va. It amounts to about nine cents a hundred pounds on class freight, and from four to eight cents a hundred pounds on hay, grain and packing house products.

Some time ago a complaint was filed with the Commission by the Corporation Commission of North Carolina against the Norfolk & Western Railway Company, and other carriers, alleging discrimination against Winston-Salem and Durham by the railroads and alleging also discriminatory and unreasonable rates to those points from Chicago, East St. Louis, Cincinnati and Louisville, through Lynchburg and Roanoke.

The Commission held that the complants' charge of discrimination was not sustained, but that the present class rates of the Norfolk & Western from Roanoke and Lynchburg to Winston-Salem and Durham were unreasonable; and that the existing class rates via the same route from Cincinnati, O., to Winston-Salem and Durham were unjust and unreasonable.

SEARCHING FOR NEGROES.

Three Threatened to Burn Home and Kill White Man.

Bainbridge, Ga., July 7.—Sheriff Emanuel and a posse of deputies are searching for three negroes, who before day this morning, threatened to burn the home of J. Young, manager of a naval stores company at Faceville, this county, and kill him. They surrounded his house and fired a number of shots into it, but hurt no one. Earlier in the night a negro, Frank Jenkins, tried to shoot Young but failed and Young shot the negro.

After the attack on Young's house a posse of white men gathered at a house in which the three negroes were barricaded, but the negroes escaped through a rear door, the posse firing at them as they ran. Then Sheriff Emanuel and his deputies arrived. Search for the negroes was immediately instituted.

WON GORDON BENNETT CUP.

Istalena Came Out First—Only Three Sloops Contested.

Newport, R. I., July 7.—Sloop Istalena, owned by George M. Pyncheon, won the race for the James Gordon Bennett cup, held today under the auspices of the New York Yacht Club. There was no schooner race this year and only three sloops competed. Cornelius Vanderbilt's Aurora was second with the Winsome, owned by H. F. Lippitt, third. After the race, the Winsome entered a protest, claiming a foul on the part of the Istalena at the start.

BROKERS REFUSED SERVICE ON WIRE

Unusual Action of Western Union Cause of Some Speculation.

TEN CITIES WERE CUT OFF

Brokers Threaten They Will Bring Action Against the Company—Restraining Order—No Cause Given in Washington.

New York, July 7.—Without explanation and without warning, the Western Union Telegraph Company discontinued its service today to brokers in ten cities of this State and Pennsylvania. The cities affected are Pittsburg and Johnstown, Pa., Syracuse, Ithaca, Rome, Utica, Gloversville, Auburn, Watertown and Cortland, of this State.

Executive officers of the company took the stand today that, under advice of counsel, they could not discuss the company's policy. Officers of the New York Stock Exchange denied that the cut in service was in any way instigated by them or that they had any knowledge of it. There were many subterranean rumors that the company was acting on the advice of some one in Washington, supposed to be very close to the attitude of the Attorney General's office, but these could not be confirmed.

Hitherto the Western Union has always taken the stand that as a common carrier, it had no right to refuse any business offered it, provided such business was couched in decent language. In fact the company argued earnestly that any attempt by it to investigate the private affairs of its customers would be inquisitorial and intolerable.

Washington, July 7.—It is on its own initiative, not on orders from the Department of Justice here, that the Western Union Telegraph Company has discontinued its service to a number of stock brokers' offices in New York State and elsewhere. This was the declaration made tonight by an official of the Department of Justice who played a prominent part in the recent raids made on so-called "bucket shops" by the Department. He declared that the Department would have no right to order the telegraph company to discontinue its service unless it could be proved that it had broken some Federal statute and that this had not been done. One of the brokerage concerns, a Baltimore firm, whose service was stopped yesterday, had an injunction issued today, he said, against the telegraph company to compel it to renew its service.

Baltimore, Md., July 7.—A preliminary injunction was granted today in the Circuit Court restraining the Western Union Telegraph Company from discontinuing its service to the F. Herford Company, stock brokers.

The bill of complaint states that the telegraph company agreed to furnish the Herford Company its service by the year. Receipts filed with the bill show that the Herford Company paid $7,526 in advance for the service this month.

The service was furnished until Wednesday, when, it is alleged, it was suddenly discontinued without cause.

TAFT WITHDRAWS LANDS.

Over 35,000,000 Acres From Public Domain of Several States.

Beverly, Mass., July 7.—Continuing his policy of practical conservation, President Taft late tonight signed orders withdrawing 35,073,164 acres of coal lands from the public domain in the States of North and South Dakota, Washington, Utah, Colorado and the Territory of Arizona.

Of the total withdrawals 20,698,469 acres are new, while 14,374,695 acres are covered in confirmations and ratifications under the new law, approved June 25th, of withdrawals made during the past four years by both Presidents Roosevelt and Taft.

North and South Dakota are the two States affected by the new withdrawals. From the public domain in North Dakota the President has withdrawn from settlement 17,828,182 acres believed to contain workable coal. In South Dakota the amount withdrawn is 2,870,287 acres.

Previous withdrawals confirmed by the President tonight are divided among the several States as follows: Washington 2,207,967 acres; Arizona 161,280 acres; Utah 5,814,287 acres and Colorado 6,191,161 acres.

The withdrawal orders, prepared by the geological survey and approved by the Secretary of the Interior, reached Beverly from Washington late tonight.

All of the withdrawals and confirmations were made under the new law passed at the last session of Congress, which definitely authorized the President to withdraw various lands from entry pending their classification and special disposition by Congress. The President urged this law as the first step in his plan for practical conservation.

New York, July 7.—Announcement was made tonight that the Atlantic Yacht Club will start the annual race to Bermuda for sail craft at noon Saturday. Present indications point to three schooners, one sloop and one yawl being at the starting line.

CONVENTION STILL IN A DEAD-LOCK

No Nomination for Congress at an Early Hour This Morning.

FIFTY HOURS OF BALLOTING

Maj. Stedman Gaining and His Friends Confident of Winning—Talk of Adjourning Until After State Convention.

(By Long Distance Telephone.)

Greensboro, N. C., July 8.—(2 A. M.)—After more than fifty hours of balloting the Fifth District Congressional Convention is still deadlocked as tight as ever, though Major Stedman has steadily gained ground and his friends and supporters are expressing every confidence.

The 256th ballot at an early hour this morning stood Stedman 193.23, Mebane 55.68, Jones 96.03, Royster 61.06. It will thus be seen that Maj. Stedmon lacks less than a dozen votes to nominate him, but all hands are standing firm to their respective favorites and it is impossible to say at even this hour what the result will be. There is some sentiment here for an adjournment of the district convention until after the State convention upon the ground that politics is being played in the contest here, but it is not believed that there will be any postponement but that the fight will continue probably until Saturday. The convention is still in session with little likelihood of adjournment before day.

Progress During Day.

Greensboro, N. C., July 7.—The fifth district Democratic Congressional convention is no nearer a nomination than when it assembled Tuesday. At intervals this morning each of the four candidates was in the lead, but none of them, except Stedman, maintained it for more than one ballot. On the 181st ballot at noon Stedman was still in the lead, but his vote had fallen off to 136. J. A. Long, of Roxboro, was voted for as a dark horse on the last two ballots, receiving 79 votes. The most striking feature of the convention is the loyalty of the delegates supporting Dr. Geo. A. Mebane, the lowest man in the race. While the other delegations have changed their votes repeatedly, the Mebane delegates continue to vote as one man. It is believed by many that the convention will not end before Saturday.

Nine O'Clock Bulletin.

Greensboro, N. C., July 7.—At 9 o'clock tonight at 226th ballot is being taken. There is no change of consequence. Durham and Caswell counties vote for first one candidate and then another, causing Stedman's vote to vary from 125 to 185 with corresponding variations in the vote of other candidates. In the 225th ballot Mebane's Guilford vote was cast for Stedman. This was the first change in the Guilford vote from the beginning, but its significance is doubtful.

Balloting Towards Midnight.

Greensboro, N. C., July 7.—At 11:20 the balloting is still going on, Stedman's vote has gone to 191 and a fraction, only to drop back to 147 in the next ballot. His friends are growing more confident and say that it is only a question of time before he will be nominated.

Close at Midnight.

Greensboro, N. C., July 7.—After 50 hours of almost continuous balloting the Fifth District Democratic convention is still in a close dead-lock at midnight with no prospect of making an early nomination of a candidate for Congress. Major Charles M. Stedman, of Greensboro, is leading and on the 255th ballot only lacked ten votes of a nomination. There are three other candidates, they being ex-Judge E. B. Jones, of Forsyth; ex-Adjutant General B. S. Royster, of Granville, and Dr. George A. Mebane, a cotton mill man of Rockingham county, their strength ranking in the order named.

This district was lost to the Democratic party two years ago, and the failure of certain Democrats to support the nominee then, is contributing largely to the present deadlock.

NEW RECORD FOR DURATION.

Feature of Aviation Meet at Rheims Yesterday.

Bethany Plain, Rheims, July 7.—M. Olieslagess today broke the records for duration and distance at the aviation meeting in progress here. He remained in the air two hours, 39 minutes and 39 seconds and covered the distance of 158.35 miles. In the preliminary contest for height Hubert Latham reached an altitude of 1,384 metres (4,540 feet), beating Paulhan's record of 1,296 metres, (4,250 feet).

MEXICO WANTS PICTURES

Governor Would Like to Have Them Exhibited There.

Mexico City, July 7.—Mexico will welcome the moving pictures reproducing the Jeffries-Johnson championship fight. Governor Landa Y. Escandon, of the Federal district, said he would not interfere with an attempt to put the fight films under his jurisdiction, but on the contrary, would like to have them exhibited here.

"Happily," he said, "we have no negro question here."

Yesterday's game with the Raleigh Red Birds, the first of the week-end series on the local grounds, was the same sad story of defeat, the score being three to nothing. Although the Sailors outhit Raleigh, they were credited with two errors and those with rather indifferent work at some stages of the game gave victory to the other side.

Raleigh scored in the third and seventh. In the third Keating was safe on a tap to the infield and McCormack ran out a bunt. Then after Lathrop was out pitcher to first, Clemmens hit to left scoring Keating while McCormac was called out at the plate, Clemmens going to second; Bigbie then singled to left, advancing Clemmens to third, but Hobbs was out short to first. In the seventh Richardson started with a bingle by third and Simmons was safe on a tap to the infield, Richardson going to third on high throw first to third; Jobson up and Simmons stole second, Jobson fanning; Keating was out pitcher to first; McCormac hit to infield and went to second on error of Hawkins, scoring Richardson and Simmons, Lathrop going out second to first. In Wilmington's half of the seventh Mills got a bingle after two were down, but Doak was out pitcher to first.

In the first after Raleigh was out one, two, three and two were down for Wilmington, Tidy Ty lined one down left foul line for two stations but Mills flew to right. In the second Raleigh was out in order and for Wilmington Hawkins got a bingle, but the side was immediately retired on the execution of a pretty double from pitcher to third to first. The story of the third has been told and there was nothing doing in the fourth, fifth or sixth for either team. The seventh has been related and the eighth was featured only by safeties by Hobbs and Hawkins. The ninth was an out in order for all hands, and the tabulated score tells the rest:

"Let's rub it all out, and start all over again!"

Just wait now; we're bound to have a relapse soon.

Rocky Mount appears now to have struck her gait.

It is reported that Bussey has signed with Goldsboro.

We don't intentionally mean to rub it in, when we refer to the fact that Fayetteville won again.

Tidy Ty and Hawkins drew two each of Wilmington's five hits, one of the former's being for an extra base.

At the party who was struck with three eggs at one and the same time said: "This business is going to eggstreams."

Ever since the beginning of the season, the local error column has been as chock full of mistakes as the Prohibition party.

These continual shut-outs are beginning to assume the pleasantness of a Mendelssohn symphony played on boiler plate with a hoe handle.

"It's easy enough to be pleasant when life flows along like a song, but the man worth while is the man who can smile" when the home team loses, and keeps on losing, and loses again, and another time, and son on, et cetera.

The attendance at the park was disappointing to say the least. It is certainly very little encouragement for the team to have to perform before such an insignificant patronage. Turn out in full force today and spur the boys on.

Now that we missed our guess, and failed to get our mitts on a single pinfeather, its us for the sticks, the brambles, the virgin forest, the tall uncut; where the woodbine twineth, the hay groweth, the mock-bird singeth, and the only excitement happens along when somebody breaks a pane of glass.

LONESOME RUN IN THE TENTH

Brilliant Game Yesterday in Which Railroaders Put It All Over Goldsboro—Griffin's Fine Work on Slab.

(Special Star Telegram.)

Rocky Mount, N. C., July 7.—In the tenth with a man on and two down Gillespie singled and turned victory to the crew, scoring the only run of the game. Both Griffin and Gunderson were effective in pinches and nothing like a hit could be gotten with men on until the tenth when Gunderson lost his game on one that Gillespie put too hot near third base line to be handled.

Both teams fielded brilliantly especially in the pinches and the two bobbles charged occurred in the infield. Griffin and Gunderson gave more than is usually the case with pitchers and each laid them safe, Griffin having made two of the five hits made by his team. In the ninth it was the Nash county boy's hit that advanced Dussault from first to third and he later scored on Gillespie's single. Both teams fielded brilliantly and it is impossible to pick a star.

AGAINST FIGHT PICTURES.

Protest From Many Places—Move Spreading Abroad.

Norfolk, Va., July 7.—The Tidewater Virginia Interdenominational Ministerial Union in called session here today adopted strong resolutions calling upon the authorities in Norfolk, Portsmouth, Newport News, Hampton, Phoebus and other places to suppress the Johnson-Jeffries prize fight pictures on the ground that they would be debauching to the tastes and morals of the young; excite race passions and enmities and lead to riot.

Minneapolis, Minn., July 7.—Mayor Haynes today ordered Acting Chief of Police Mealey to see that none of the Jeffries-Johnson fight pictures are put on exhibition here.

Boston, July 7.—A protest against the moving pictures of the Johnson-Jeffries fight was made in the form of a resolution adopted at a meeting of the board of control of the Epworth League of the Methodist church, held in this city today. The resolution calls upon public officials everywhere "to forbid the production of moving pictures of that or any other exhibition of a character tending to destroy the morals of the American people."

Melbourne, Australia, July 7.—The clergymen of New South Wales have sent a petition to Andrew Fisher, the premier of Australia, asking him to prevent the introduction into the commonwealth of the Johnson-Jeffries fight pictures. A similar movement is afoot in New Zealand.

Norfolk, Va., July 7.—Mayor J. Davis Reed, of Portsmouth, today instructed the police to serve notice on all proprietors of theatres that the Jeffries-Johnson fight pictures would not be permitted to be exhibited in that city under any circumstances.

London, July 6.—The movement in favor of government action looking to the suppression of the pictures of the Reno fight is extending to a considerable section of the House of Commons. Both parties support the movement. Some of the morning papers advicate a general suppression, as tending to prevent glove fights, which, they say, are promoted merely for the sake of the profits from the pictures.

TRAGEDY AT NEW ORLEANS.

Real Estate Man Killed Wife and Wounded Son.

New Orleans, July 7.—Charles Desforges, a real estate agent, shot and killed his wife, probably fatally wounded his 17-year-old son and then blew his own brains out here tonight.

Desforges and his wife were separated several months ago. Tonight the man went to the house where Mrs. Desforges and the son were living and at once began a revolver fire upon the two. After they had fallen, Derforges turned his weapon upon himself. Both he and his wife died immediately. At the hospital to which young Desforges was taken it was said that he was probably mortally wounded.

LYNCHING AT HUTTIG, ARK.

Negro Who Burglarized Home and Fired Building.

Little Rock, Ark., July 7.—Samuel Powell, a negro charged with robbery and arson, was hanged by a mob at Huttig, Ark., last night, according to a dispatch received tonight.

Powell, 18 years old, burglarized the home of a prominent citizen of Huttig of $400, and then fired the building. He confessed, the police say.

The frail prison, which housed Powell, was broken into without much effort by the mob. The fact that the negro had been hanged was not generally known until his body was found today.

CROPS IN COLUMBUS.

Rainfall is Excessive—Riot at Waccamaw—Negro Under Arrest.

(Special Star Correspondence.)

Whiteville, N. C., July 7.—This section had one of the heaviest rainfalls last evening of the year. Farmers in town today give gloomy reports of the condition of cotton, and say the crop in many sections of our county is literally drowned out and will be almost a total failure. It is not believed that half an average crop can be made. In many sections corn is also badly injured.

Yesterday, June 6th, was colored day at Lake Waccamaw, and 26 carloads of negroes came on excursions from Wilmington, South Carolina, Robeson and Bladen counties. Sheriff Richardson and Deputy Sheriffs Ammons and Sasser were on hand to keep the peace, but they had their hands full. About 3 o'clock in the afternoon fighting began, and a general riot ensued. Several pistols were fired and the officers rushing to the scene arrested two negroes and captured two pistols. One of the negroes, who had a pistol stuck in front of his shirt, was torn loose from the officers by his friends and rushed off in a buggy. They arrested and landed in jail another negro named Cromarty, from Bladen county, and one named C. H. Carter. There were three fights at the Lake, but no one seriously injured. On the train there was more fighting, and a negro, name unknown, was knocked off this side of Hallsboro, but he managed to get away, said to have been badly hurt.

There was also some disorder in our town, and Mayor Davis collected a nice sum in fines. It is not thought the Jeffries-Johnson fight had anything to do with the disturbances, as the fight is not discussed much in this county.

DAMAGE TO CROPS.

Reports From North Alabama, Kentucky and Other States.

Nashville, Tenn., July 7.—Reports have reached here from North Alabama of the serious situation in the farming districts on account of the continued rains. The damage to the cotton crop especially is causing serious apprehension. Some cotton fields will have to be abandoned on account of the rains. Oats have been cut and are rotting in the field.

In this county and other sections of middle Tennessee wheat it sprouting in the shock.

Louisville, Ky., July 7.—With cloudbursts and drouths spotting the Kentucky map and a great overplus of rain in Tennessee and Southern Indiana, the crop situation for nearly 200 miles, north, east, south and west of Louisville, has reached an acute stage.

Too wet or too dry weather has not only cut the product of the truck gardens and small fruit farms a full 50 per cent., but has wrought untold damage to the staples—corn, wheat and tobacco. Excepting corn and—in some favored localities—tobacco, the time for replanting has nearly passed with no prospects for recuperation in those crops. Clover, hay, potatoes, etc., are rotting in the fields.

Some Kentucky counties have not been visited by a growing rain since the first of May. On the other hand, northern Kentucky, Tennessee and southern Indiana have been visited by general heavy rains for seven consecutive days, which in some sections have been veritable cloudbursts. The general crop situation in consequence is the most discouraging in many years. Traffic delays have been numerous but trunk lines thus far have managed to get their trains through without general tie-ups.

SKIPS WITH $22,000.

Cashier of Clintwood, Va., Bank Missing Since Saturday.

Clintwood, Va., July 7.—Cash to the amount of $15,000 and $7,000 worth of unsigned treasury certificates have disappeared from the vaults of the Citizens National Bank, of this place, and a reward of $1,000 has been offered by the officers of the institution for the arrest of Walter C. D. Southerland, cashier of the bank, who has not been seen here since Saturday night.

Southerland hired a horse Saturday night and told his friends, it is alleged, that he was going to ride to Stratton to spend the Fourth with relatives. When he did not appear at the bank Tuesday morning, inquiry by the officials developed the fact, it is said, that the young man had not visited Stratton. No trace has yet been found of Southerland or of the horse he rode.

It was not until late yesterday that the bank vault, whose time lock had been set for 96 hours, could be opened. Then the officials discovered the loss. In the vault they found a note saying: "Gone to the tall timbers." The name of the missing cashier, it is said, was signed to it.

Southerland, who is 34 years old, was at one time connected with the army engineer corps in the Philippines.

New York, July 7.—Mrs. Richard Henry Savage, widely known as a critic, lecturer and club woman, died here today at her home of heart disease. She was 67 years old.

DAY'S DOINGS IN RALEIGH

Judicial Convention at Smithfield—Contest for Associate Justice—Mastodon Being Excavated. Simpkins Not to Run.

(Special Star Correspondence.)

Raleigh, N. C., July 7.—At Smithfield, Johnston county, today the convention for this, the Sixth Judicial District, was held and Frank A. Daniels, of Goldsboro, nominated unanimously for Judge, and H. E. Norris, of Raleigh, for solicitor. Neither candidate had any opposition. J. C. Clifford, of Harnett, opposed Daniels in the primaries, but withdrew from the race before the convention. Mr. Daniels is a brother of Editor Josephus Daniels, of the Raleigh morning paper.

J. H. Sears, sheriff of Wake county, and the only county candidate on the "regular" ticket in the recent sensational Wake Democratic primaries who was nominated, was made chairman of the convention when Mr. Daniels was nominated by acclamation for Judge and Mr. Norris, Raleigh, for Solicitor. It is notable that the name of Mr. Daniels was presented to the convention by J. C. Clifford, of Harnett, who was his opponent in the primaries and county conventions of the district. Seconding speeches were by Ed S. Abell, Johnston; Charles U. Harris, Raleigh, and E. F. Young, Harnett. A district executive committee was chosen comprising E. F. Young, Harnett; W. M. Sanders, Johnston; Chas. U. Harris, Wake, and W. C. Monroe, Wayne. Congressman Pou was present and responded to calls for a speech.

Observers of the sharp contest for the Associate Justiceship of the Supreme Court between Justice J. S. Manning, Durham, and Judge W. R. Allen, Goldsboro, are being "pulled and hauled" in their view of the situation by the widely divergent claims of Manager Foushee, for Judge Manning, and of Mr. Dortch, for Judge Allen. Mr. Foushee claims that of the vote in the State already instructed by the counties, there being 780 in all instructed, Manning has a lead of 20 and a fraction over Allen. There are counties, he says, sending 187 votes of uninstructed delegates, and he claims that Judge Allen's managers will be unable to overcome the Manning lead in the Charlotte convention.

On the other hand Manager Dortch, speaking for Judge Allen, has a lead of 48.32 votes over Judge Manning in the instructed vote of which he says Allen has 408.16 and Manning 359.84. He claims to have assurances that Judge Allen will receive a majority of the uninstructed vote of which a little more than one-third will be necessary to assure his nomination.

Rev. W. A. Simpkins, a prominent farmer and propagator and dealer in an improved cotton seed that is widely known, is out in a card declaring that he will not be an independent candidate for the State Senate against Dr. E. W. Sikes, nominee in the recent sensational Democratic primaries. Many friends have urged him to run, but he says he is a Democrat and will not oppose the choice of the primaries.

H. H. Brimley, curator of the State museum, is just back from Onslow county, where he has for two weeks been directing the work of excavating the bones of a huge Mastodon, discovered there some time ago. He is meeting with fine success, the greatest trouble being that part of the skeleton extends under a creek bed from which the water had to be diverted. He says this promises to be by odds the best preserved and most complete prehistoric skeleton ever found in North Carolina. He and Mr. Addicks, assistant curator, are also getting good specimens of another skeleton in Jones county. The purpose is to mount them in the museum.

An amendment to the charter of the Piedmont Directory Co., Asheville, increases the capital from $3,000 to $10,000. George L. Hackney is one of the stockholders.

White Boy Relieved by Local Doctor. Making Investigation.

(Whiteville News-Reporter.)

Dr. H. B. Maxwell last week showed us a vial filled with hook worms, taken from a son of Mr. Jim Brown, across White Marsh. About six months ago the boy had a severe case of ground itch, since which time he has been moping around and going down. Dr. Maxwell was finally called in, and as soon as he saw the youth pronounced that he was badly afflicted with hook worms. His father consented to have the boy treated by the doctor, and on Monday of last week the proper medicine was given. Dr. Maxwell asked that the stool be watched and when the worms appeared to collect them for him. By Wednesday the worms began to come, and a small vial filled with them was given the doctor. They resemble strips of white string and are about half an inch long. Their name is derived from the fact that these worms hook themselves on the inside of the intestines and sap the very vitality from the patient. They increase very fast and lay eggs, which are the first to pass the stool after treatment is administered. This boy is already improving and Dr. Maxwell says when he gets the hook worms removed he will be all right. It will take a regular course of treatment to get rid of all the worms. They are not apt to return unless the victim again goes barefooted. Dr. Maxwell says that any one who has ever had the ground itch is sure to be afflicted with the hook worm, as it is the first sign of their entering the system. He says that a majority of the young people of this section, both boys and girls, have hook worms, but they are easily removed. Many of the diseases prevalent over the country are traceable to this pest. The hook worm expert doctor will soon visit Columbus county, and it would be well to have him examine the members of your family while in our midst and administer proper treatment. Any one can see that vial of hook worms by calling at the office of Dr. Maxwell. That there are such things now gnawing on the innards of our people is no longer a matter of doubt. You had better lose no time in having them removed.

A Letter From Bolton Answering Mr. B. F. Seelye's Article in the Morning Star of July 3rd.

The Morning Star:—I notice in your issue of July 3rd, a communication published at the request of Rev. J. A. Smith.

There is no one that loves or admires the men that wore the gray more than the writer of this article, and no one could ever have been gladder to see the union between the blues and grays than myself, and if either of the gentlemen that are aspirants for Congressional honors had been one that had followed the flag of the lost cause, I would say set aside the rules of primaries, and elect the old soldier.

I hope that no one will ever be elected from the Sixth Congressional District that will stand in the way of the Fort Fisher Park, but if I could have my choice, I would rather see each one of the old veterans that wore the blue and wore the gray, drawing a sufficient pension to keep them from want than to see a park built to their memory and credit.

While the writer has nothing to say against any of the Congressional candidates, I will ask the voters of this District to remember that Bladen county has a business man and a farmer that is fully competent to serve them as Congressman in the name of Oscar L. Clark.

He was born in 1865, about the time the remnant of, the Confederate Army were wending their way homeward. I can see no reason why he should not be a good man to legislate in the National Congress for the best interests of the people. He is a successful business man, a farmer himself and the farmers' friend. He knew nothing of what happened before January 15th, 1865.

But three of the companies of the 36th N. C. Regiment, were volunteers from Bladen county, and were captured in the fight at Fort Fisher and carried to prison. They lived in Bladen county in and around Clarkton after they returned from the frozen regions of the North in May or June 1865. Three of those men were O. L. Clark's uncles, one his half brother and several of them were and are now among the best citizens of North Carolina.

Now as to the park at Fort Fisher, I can see no reason why O. L. Clark would not be anxious to see the park finished.

Hoping that Rev. J. A. Smith will continue to rally the Grays and that Mr. B. F. Seeyle will continue to bring the Blues in our section and that we will get the best man for Congress, I remain, Yours truly,

** A. T. CLARK.

FRECKLES

Now is the Time to Get Rid of These Ugly Spots.

The woman with tender skin dreads July because it is sure to cover her face with ugly freckles. No matter how thick her veil, the sun and winds will surely make her freckle.

Fortunately for her peace of mind, the recent discovery of a new drug, othine—double strength, makes it possible for even those most susceptible to freckles to keep the skin clear and white. No matter how stubborn a case of freckles you have, the double strength othine will remove them. Get an ounce package from J. Hicks Bunting Drug Co. and banish the freckles. Money back if it fails.

MOUNT OLIVE REPORTS.

Quiet Fourth Observed—First Visit in 20 Years—Personal.

(Special Star Correspondence.)

Mount Olive, N. C., July 7.—The "Glorious Fourth" passed off very quietly here, most of the Mount Olive people who were seeking pleasure going to Seven Springs and Wrightsville Beach.

Messrs. James Nunn, of Jacksonville, Fla., and John H. Loftin, of Columbia, S. C., are here on a visit to their mother, Mrs. Harriet Loftin, who has been quite sick for several days. This is Mr. Nunn's first return to Mount Olive in over 20 years, and he says a great many changes have taken place in that time.

Mr. and Mrs. Wm. P. Kornegay and children, of Greensboro, are visiting in the city at the home of Mr. Kornegay's father, Mr. Robert Kornegay.

Mr. James Oliver Loftin, steward at the A. & M. College, Raleigh, after spending about three weeks at his farmer and former home near here, returned to Raleigh today.——Mrs. Wm. G. Davis and daughter, Miss Virginia, of Greensboro, N. C., are here visiting relatives.——Miss Mayme Davis, of Wilmington, was in the city a few days ago at the home of her sister, Mrs. J. A. Snglish.

Keep Baby Healthy in Summer

It is easier to keep some children in health in winter than in summer. And yet it is very important that the child should be strong and well during the hot weather. In the first place, a very little ill is liable to develop into a large one in summer because of the germs in milk, water and many kinds of food. You should be especially careful not to allow your children to become irregular in their stools during the heated term. The best relief you can give it, and the surest permanent cure, is Dr. Caldwell's Syrup Pepsin, the guaranteed laxative-tonic. It is exactly suited to the needs of children because it is gentle and mild in action, absolutely pure and free from narcotics, pleasant to take, and yet does its work promptly and efficiently. Thousands of mothers keep it constantly in the house against emergencies, and as a bottle costs only 50 cents or $1.00, and can be conveniently obtained of any druggist, no family should be without it. If you are one who has never tried Dr. Caldwell's Syrup Pepsin and would like to do so before buying it in the regular way, you can obtain a FREE BOTTLE by sending your address to

We are in favor of the proposed Southern monument to the Black Mammy, but we are opposed to prize-fighting as a degrading ideal for her descendants.

Some of us ought to be startled when we realize that we haven't gotten any very safe distance from barbarism and savagery. The missing link is some so-called sports.

Plant pecans, English walnuts and black walnuts for shade trees in the Summer and nuts in the Fall. They have a double value and eastern North Carolina is peculiarly adapted to their cultivation.

The amalgamated unions of the tobacco masticators and smokers will have to get together in this election. The G. O. P. put an aditional tax on the weed and that calls for party lines to be broken by an insurgency that will not tolerate a tax on habits.

If New Orleans is selected as the Panama Canal exhibition city, it is proposed to have a beauty show with a prize of $25,000 for the prettiest girl in the United States. A contest like that would arouse tremendous animosity against North Carolina, because one of her girls would get that money without half trying.

We have no doubt that a President often needs sympathy and sometimes should be given credit for trying to do right even while he is surrounded by terribly bad influences. However, this is election year and we are not going to worry over any Republican President who let Senator Aldrich, Uncle Joe and Colonel Ballinger get him in a hole.

We hardly pick up an eastern North Carolina exchange that does not mention something about fine peaches. The fact is this is a peach country and we ought to ship two or three millions of dollars worth of peaches every year to the Northern markets. Don't fail to put in a peach orchard this Fall. It will begin bearing in three years.

Colonel Roosevelt positively turns a deaf ear to the New York Republicans who have appealed to him to run for Governor and save New York from the Democrats. The Colonel now knows that it is awfully hard for a man to "come back", and, then again, the stakes are too small to induce him to take chauces on being sent to the ropes.

Col. Roosevelt has taken pains to make it distinctly understood that the insurgents who went to Oyster Bay dropped in without any invitation from him. We understand. The insurgents went on their own hook to feel the pulse of the Rough Rider and it must have been all right, if we may judge from all the risibilities reputed to them.

Secretary Ballinger declares: "I am not a quitter." This means that he defies scandal and will remain Secretary of the Interior unless he is pried loose by the President's dictum, a contingency that has not about it the glimmer of expectation. Of course, Ballinger can stick to the perch but he should have a care that the American people will go right on holding their noses.

Don't live the "soft life," or else you will get knocked out by Father Time. Take plenty of exercise and don't be a hot house plant. Get out into the fresh air, kick up your heels and you won't be morbid and dyspeptic. Live the cheerful life and hustle around unless you want to peg out before your time comes. Men and women and boys and girls should make the most of this life by moving around instead of drying up in the rocking chair.

SOME DEMOCRATIC NOMINEES.

Political affairs in North Carolina are now rapidly shaping themselves for the campaign. The rivalry and contention between the aspirants for the nomination for various offices are about over and the conventions are making the choice of the leaders who are to carry the Democratic standard to triumphant victory in November.

So far, the nominations for Congress have been made in the First, Third, Fourth and Seventh Districts, with other conventions to make their choice in a few days. In the Wilmington District, the Sixth, the standard bearer for Congressional honors will be named by the Congressional convention to be held at Wrightsville Beach, Monday, July 21st.

On Wednesday the choice of the Democracy was made in four Congressional Districts. In the First district convention which met at Edenton, the Hon. John H. Small, who has so ably represented that District for several terms, was unanimously renominated by acclamation. He had no opposition and his record of long, faithful and able service in Congress was rewarded with a most enthusiastic endorsement by the Democrats of the District for which he has won so much influence at Washington. This is Mr. Small's seventh nomination and it is a fitting recognition of his great value to his District and to North Carolina that he is to be returned to a work which he has made count for something.

In the Fourth District convention which met at Raleigh, Present Congressman Edward W. Pou was unanimously and enthusiastically nominated for a sixth term in the lower house of Congress. He has represented the Fourth District so acceptably that he had no opposition. He is another North Carolina Congressman who has distinguished himself at Washington and reflected honor upon his State in the National legislative body. He is a man of fine ability and great personal magnetism and there is no wonder that his District is ever delighted to honor him.

Another able North Carolina Representative to be renominated was the Hon. Robert N. Page, of the Seventh Congressional District. The convention met at Rockingham and he was honored with the renomination by acclamation. There was no opposition and it was another instance in which North Carolina Democrats renewed their allegiance to a Representative who has ably performed his duties as one of North Carolina's distinguished sons. Mr. Page has served his District for several terms and the State will be rejoiced that he is to go back to Washington for another two years.

The Star has already paid its respects to the nominee of the Third Congressional District, named by the Goldsboro convention on Wednesday. The choice there, as we remarked heretofore, fell upon a new man in the person of Dr. John M. Faison, of Duplin county. He takes the place of the Hon. Chas. R. Thomas, of Newbern, who represented his district and his State with great fidelity and ability. Mr. Thomas rendered a valuable service to his State and he will retire with well earned honors. His successor to be elected in November is an able physician, a successful agriculturist and a Democratic leader who believes thoroughly in the principles of his party. He formerly edited the Duplin Journal and was one of the most vigorous editorial writers in the State. He talks like he writes and on the stump he can hand out the physic that will surely make a Republican opponent sick. Speaking about the Doctor's nomination the Charlotte Observer yesterday remarked: 'Dr. John M. Faison, news of whose nomination for Congressman from the Third North Carolina District, to succeed Congressman Thomas, was received here early yesterday, is first cousin of Dr. I. W. Faison of this city. He is a graduate of Davidson College and the University of Virginia. For a number of years he was editor of the Duplin Journal. He is a man of intellectual and moral force."

Yesterday there was another nomination of which the Star wishes to speak. At Smithfield the Democratic convention of the Sixth Judicial District unanimously nominated for Judge of the Superior Court, the Hon. Frank A. Daniels, of Goldsboro. The Hon. J. C. Clifford, of Harnett county, was a candidate in the primary contest but he was so outdistanced by Mr. Daniels that he retired and left the field open to Mr. Daniels. Mr. Clifford is a man of recognized ability and the confidence of Harnett in her popular son was such that her entire delegation was sent to the convention to support him, but Mr. Clifford magnanimously aided in honoring his distinguished opponent by making his nomination unanimous. We are sure the District is to be congratulated upon the nomination of Mr. Daniels. For 30 years the judicial nominee has practiced law at Goldsboro and he ranks as one of the State's ablest and most distinguished lawyers. He is learned in the law and has the judicial temperament to eminently qualify him for the bench. He is a man of the most attractive personality and his character as a citizen and a lawyer has been such as to win for him the confidence and popularity that made him the choice of the convention of his District. During his entire life he has been a close student, and, considering his spotless life, fine integrity and knowledge of the law, he will prove to be a jurist who will be an honor to his State. He will be one of the State's new judges, for there isn't the slightest doubt of his triumphant election.

COTTON PRODUCTION IN IINDIA.

The cotton growing industry in the British East Indies is on the increase. The production in that country for the agricultural year of 1909-1910 is 4,502,000 bales, which is something more than one-third of the average cotton crop production in the United States. The Indian crop for the past year yielded 911,000 bales over the previous year's production. The total area in cotton in all parts of East India this year is 20,227,000 acres, a net increase of 228,000 acres over last year. The Indian area is, therefore, about 60 per cent as large as the area planted in the United States. According to the reports of the United States Agricultural Department, the American acreage is estimated at 33,196,000 acres.

The estimate of the Indian crop was given out by the British Government in India and was recently sent to the State Department at Washington by United States Vice Consul A. D. Jackson, located at Madras, India. It seems that the quality of the cotton grown in the United States is not only better than that of the cotton grown in the East Indies but that the yield here is greater per acre than in India. Our yield is a little more than one-third of a bale per acre while that of India is little more than one-fourth of a bale per acre.

It is estimated that the cotton production of all the cotton growing countries in the world is about 20,000,000 of bales, of which the South furnishes about two-thirds. The foreign mills take about two-thirds of the cotton crop grown in the South while the mills of America, North and South, consume only one-third. This indicates that cotton manufacturing in the United States, North and South, has a large field for development before it.

It has been asserted that the cotton manufacturing business in this country has been overdone but that is not probable till the factories of this country can consume every bale grown at home and sell the finished product to the world instead of selling the raw material to be manufactured into finished products which compete with our own.

COL. WATSON AND HIS JOB.

We boast of our prowess in manufactures and trade and while we furnish two-thirds of our raw cotton to the world, yet we supply only a small fraction of cotton manufactures to foreign countries. We manage to hold our own markets, probably by a protective tariff, and certainly that is not very creditable to our boastful trade keenness. We not only fail to send any great quantity of our manufactured cottons abroad but we even permit European manufacturers to come under our very noses and sell goods to American countries right at our door.

We even fail to compete to any great extent with Great Britain for the Mexican trade, notwithstanding our close proximity to Mexico by water and rail. We are also Mexico's best customer and yet she is a better customer of England's than she is of ours. Take another instance. Cuba, practically right at our elbow, gives the United States a 30 per cent. preference on cotton textiles and a 40 per cent. preference on knit goods, but of all the cotton goods imported by the Cubans America only furnishes 10 per cent. while Great Britain furnishes 50 per cent. and other foreign countries the balance. Our trade makes even a worse showing in Central and South American countries, and certainly it is a situation which needs looking into.

These facts and a great many more along the same line have been furnished to the Bureau of Manufactures at Washington by a North Carolinian, Mr. W. A. Graham Clark, who is doing valuable service for the United States government in the investigation of our trade relations with a view to their betterment. We fancy that Col. E. J. Watson, of South Carolina, to whom the government has made an attractive offer, is wanted for just such work as that being done by Mr. Clark. If not, he would be another mighty good man to make an exploration in search of the troubles that operate against our foreign trade. Col. Watson possesses the peculiar intelligence and the right kind of ability to make him exceedingly useful to the government. If he takes the government position tendered to him, let us hope that it will be in a field that will enlarge the cotton manufacturing interests of the South.

Don't name your dog Reno. It might make him howl.

How can we make our lands better? How can we farm better? How can we produce more with the same labor on less land? What valuable products can we introduce, not now included among our crops? Let us think about it. Get a move on us.

The messages from the merchants are always interesting—and usually affect the "state of your purse."

The effect of the victory of the negro Johnson in the ring will probably lead to the final exclusion of the negro from the prize ring or the abandoning of that sort of sport to the negro altogether, which might be a very good thing. Georgia peaches are moving Northward over the Southern Railway at the average rate of 100 cars a day. The season began about June 10 and the stream of fruit trains has been steady since. The largest movements are on Sundays, when the tracks are clear of all other freight trains. Last Sunday there were 10 trains with 175 cars. The largest day has been 18 trains with 199 cars. Charlotte is the re-icing point for the fruit trains. All the cars are refrigerator cars and about a ton and a half of ice is required to fill the refrigerators, so that an average of 150 tons or 300,000 pounds of ice daily is used, the Standard Ice & Fuel Company having the contract. For the season up to date, approximately 5,000 tons, or 10,000,000 pounds of ice has been used for this purpose. So the fruit growing business in Georgia is a business feeder for a Charlotte concern, which incidentally is a patron of the Charlotte waterworks.—Charlotte Chronicle.

When J. B. Allison shot down an unarmed boy some two years ago it was predicted that if the manslayer was again turned loose on the community he would add still other lives to his score. But that warning went unheeded and for the fourth time a man with homicidal mania as his guiding star in life yesterday shot down another victim in cold blood, and then most brutally beat the head of the dying man with a two-pound hammer. The fiendishness of this deed should call attention to the shortcomings of a judicial system which makes such deplorable tragedies possible. Human life is indeed cheap when a man who has killed four of his fellow men, and tried to kill five, should have succeeded in evading the punishment which is usually meted out to those who slay at will. The unfortunate victim of Allison's gun and hammer would doubtless have been alive today if the slayer had been put out of harm's way when he "put another notch on his gun" two years ago. It is plain that Allison is a man too dangerous to any community to be at large.—Asheville Citizen.

The school superintendent of Wilson, North Carolina, is swift to endorse the assertion credited to ex-Governor Glenn that the State (and the South generally) is not giving the negroes a fair deal in the matter of education. That the gentleman should rejoice in the name of coon is not his fault and it would not be fair to attribute his view of the situation to that fact; but we are surprised that any man of intelligence and information, cognizant of all the miseries entailed upon the Southern whites throughout the era following upon the emancipation and enfranchisement of the negro race should not be overcome with wonder at the millions which have been voluntarily expended by the governing race in this section on the attempt to give mental uplift to their former slaves, rather than afflicted with dissatisfaction that more has not been done. And it is an unanswered conundrum yet whether any other than the most elementary education tends to fit or disqualify the mass of negroes for that state of life into which it has pleased God to call them.—Norfolk Virginian-Pilot.

NO FIGHT PICTURES HERE.

Mayor MacRae Places the Ban—Action of Colored Citizens.

Without waiting for further agitation of the subject or formal action by the Board of Aldermen, Mayor MacRae on Wednesday afternoon notified owners of the moving picture shows in the city that there would be no exhibitions of the Jeffries-Johnson fight in Wilmington. Mayor MacRae found the moving picture proprietors in full sympathy with the movement for a suppression of the pictures and it is certain that had the Mayor not acted, no attempt would have been made to put on the films here.

In this connection, it is worthy of note and deserving of the highest commendation that among those who petitioned the Mayor for a suppression of the pictures were two or more of the leading colored citizens of Wilmington. They are none the less loyal to their race, but in a further reversion to the fight at Reno they could see with all intelligent people nothing but the engendering of racial prejudice, which is alike deplored and avoided by the better element of both races. These colored men who appealed to the Mayor have done their people and the white people a real service in their appeal to the Mayor and there can be no doubt but that the action of the chief magistrate of the city was largely influenced by their protest, which was eminently proper and a mark of the very best citizenship.

OIL MILL MEN END SESSIONS

Fifth Annual Convention Came to Close Yesterday Morning With Election of Officers and an Able Address.

Following a joint session with the North Carolina Association, the fifth annual convention of the South Carolina Cotton Seed Crushers' Association, in session at Seashore Hotel, Wrightsville Beach, since Wednesday morning, adjourned yesterday at noon with the annual election of officers, appointment of a few committees and the transaction of some other business of interest to the organization. Only a few of the visitors left during the afternoon and evening for their homes, however, the majority remaining over for several days at the delightful resort.

The joint session was presided over by Mr. C. L. Ives, of Newbern, president of the North Carolina Cotton Seed Crushers' Association, and the feature was an address by Mr. W. A. Reynolds, a prominent oil mill man of Charlotte, using as his theme "The Value of the Cotton Seed and Its Products," and he developed many points of vital importance and interest to the oil mill industry in both North and South Carolina and was given the closest attention by his hearers.

When he had concluded his interesting and able address, Mr. Reynolds suggested that a committee, consisting of four from North Carolina and two from South Carolina, be appointed to go to Raleigh at the next session of the Legislature and endeavor to secure laws to remedy troubles that now exist in North Carolina relative to the oil mill industry. The suggestion was put in the form of a motion and carried. President Ives, of the North Carolina Association, appointed the committee as follows: B. F. Taylor, Columbia, S. C.; J. J. Lawton, Hartsville, S. C.; J. R. Chamberlain, Raleigh; N. E. Edgerton, Selma; J. C. Barbour, Clayton, and W. A. Reynolds, Charlotte.

Mr. Reynolds addressed the association briefly relative to a combination product made of molasses, meal and hulls, the sale of which is now prohibited in many of the Southern States. He thought that an effort should be made to have the ban lifted and also the mill men should go after the business in the North.

Mr. B. F. Taylor asked how many desired to accept the invitation of Mr. Wm. E. Worth to witness an exhibition of his cotton seed linter and delinter, and a large number arose. It was decided to inspect the invention this morning at 10 o'clock.

A telegram was received from Dr. B. W. Kilgore, Raleigh, State Chemist, announcing with regret his inability to be present and address the joint session.

Praise for Senator Simmons.

The following resolution, offered by Mr. E. W. Thompson, of Charlotte, was unanimously adopted by the joint convention:

"Whereas, Senator F. M. Simmons has introduced a bill in the United States Senate to repeal the ten cent tax on oleomargarine, against the united and powerful lobby of the butter interest and has worked unceasingly for its passage and

"Whereas, the passage of this bill is of the utmost importance to the cotton oil industry, therefore be it

"Resolved, by the Cotton Seed Crushers' Association of North and South Carolina in joint convention at Wrightsville Beach July, 1910, that the secretary write a letter to Senator Simmons thanking him and his associates for their good work in this cause."

Mr. B. F. Taylor, in placing in nomination a man for the presidency of the organization, said that it was a little unfortunate for one to occupy the position of vice president of the South Carolina association for often the president, through illness, is unable to attend to the duties of his office and the work necessarily falls upon the shoulders of the vice president unexpectedly. The president of the organization the past year was ill almost from the time of his election to the present and the vice president has had the work to do, and he performed his work so faithfully and so acceptably that the speaker desired to see him president in name as well as in fact. He therefore nominated Mr. F. S. Evans, of Greenwood, S. C., as president of the association. Mr. Evans was unanimously elected and then called to the chair by President Ives, of the North Carolina Association, who was requested to preside through the election of the president. Mr. Evans said that he appreciated the honor very much indeed and trusted that the association would never have cause to regret its action in naming him for the office. He expressed regret that President H. L. Todd, of Clinton, S. C., was unable to be present and appointed Messrs. B. F. Taylor and J. J. Lawton as a committee to draft suitable resolutions of regrets that Mr. Todd was not present and extending the association's sincere hope that he would soon be restored to health. The committee went to work at once and shortly thereafter presented the resolutions which were unanimously adopted. Mr. Todd has been one of the principal workers in the South Carolina Association ever since its organization.

Mr. J. N. Lipscomb, of Gaffney, S. C., was elected vice president and Mr. B. F. Taylor, of Columbia, S. C., was unanimously re-elected to the office of secretary and treasurer, for which he seems peculiarly fitted. Mr. Taylor was called upon for a speech and responded by urging the members to do more talking at the next meeting of the association, saying that he would like for them to have something to say at each meeting if nothing more than to second a motion. It adds interest for all to take part in the matters that come up, he said.

President Evans appointed the following as the committee on feeding and transit rates on cattle for the year: B. F. Taylor, J. J. Lawton, W. M. Bradham, J. T. Stevens and C. Fitzsimmons.

Mr. Taylor stated that it had been suggested that the secretary send to mill managers at the opening of the coming season census cards to be filled out, showing the number of milk cows in each section that would feed on hulls and in this way the mills would know just how many hulls would be used and would therefore be better able to fix the price for hulls.

In behalf of the North Carolina Association, Mr. C. L. Ives, of Newbern, thanked the secretary and members of the South Carolina Association for the invitation to attend this meeting. President Evans said that he was certain that all the members were glad to have the North Carolina men in attendance and that they had derived much benefit from the joint convention.

The estimates as to the cotton crop in North and South Carolina for the coming season were made by the individuals present and later these will be tabulated and mailed to the members. The estimates of the North Carolina members as to cotton crop in this State varied from 600,000 to 650,000, while the estimates for South Carolina were around the million mark, some just above and some a little below.

The association was then declared adjourned sine die by President Evans.

Immediately following adjournment of the association, members of the S. O. P., a fraternity within the South Carolina organization, held a meeting in the pier pavilion. In the afternoon a large number of the members enjoyed deep sea fishing out from the Seashore.

North Carolina Association.

During the sessions of the South Carolina Association the annual meeting of the North Carolina Association was held at the Seashore Hotel, the principal matter being the annual election of the officers as follows:

President—C. L. Ives, Newbern.

Vice President—J. C. Barbourn, Clayton.

Treasurer—F. C. Dunn, Kinston.

Secretary—P. Boney, Goldsboro.

This was the only meeting of the North Carolina Association held independently of the joint session yesterday morning.

PRIZE FIGHTS AND PICTURES.

Mayor Expresses His Views in Telegram to Baltimore Sun.

The Baltimore Sun of yesterday published nearly a column of short telegrams from Southern Mayors regarding their attitude toward prize fights in general and the proposed exhibition of pictures of the Jeffries-Johnson fight, and only a few out of the number expressed a willingness to permit the proposed exhibition. Among the telegrams was one from Mayor Walter G. MacRae, of this city, reading as follows:

"Wilmington, N. C., July 6.

"The Sun, Baltimore:

"Our State law prohibits prize fights. Public sentiment will suppress the pictures generally in North Carolina towns. Certainly here.

"WALTER G. MacRAE, Mayor."

The expressions of Southern Mayors was in response to telegraphic inquiries sent out by the Baltimore Sun Wednesday morning. While on his way to the telegraph office to file the telegram Mayor MacRae met one of the managers of the Bijou theatre and before the subject was mentioned by the Mayor the Bijou theatre man expressed the hope that the exhibition of the Jeffries-Johnson pictures would not be permitted in this city, as he did not care to handle the film, owing to the unwholesome influence it might have. Mayor MacRae stated that he would not permit the exhibition of the pictures and later notified the management of Joyland not to order the film as it could not be shown here. The manager of Joyland was in accord with the Mayor and also stated that they were glad that the Mayor had taken this action. So the pictures of the Jeffries-Johnson fight will not be shown in Wilmington and it is doubtful if they will be shown in any considerable number of Southern cities, while they have also been put under the ban in many Northern and Western cities.

RESTAURANTS REMAIN OPEN.

Rather Peculiar Situation Develops Regarding New Ordinance.

In accordance with the action of the Board of Aldermen Tuesday afternoon in adopting an ordinance prohibiting restaurants outside of a certion district to open between the hours of 9 P. M. and 5 A. M., except on Saturdays when the hour of closing is fixed at 11:30 P. M., Chief of Police N. J. Williams notified all restaurant keepers that they must observe the new city law and instructed his men to report all violations. Officers reported to the chief yesterday morning that 15 restaurants operated Wednesday night contrary to the ordinance and during the day he made application to the Recorder for warrants against the proprietors of these eating houses. The Recorder had held a conference with the City Attorney, who, it is understood, advised that no warrants be issued until he had received an official copy of the ordinance and had given a written opinion regarding its legality. The chief reported to Mayor MacRae yesterday afternoon that he had gone as far as he could in the matter. The Mayor was inclined to the opinion that the ordinance could be enforced. It is understood that the opinion of the City Attorney will be written and turned over to the proper persons within a few days. As stated in The Star in connection with the report of the aldermanic meeting, several lawyers expressed the opinion that such an ordinance would not hold if tested in the courts.

EXCURSION FROM TWIN-CITY.

Party Returned Last Nigth After Brief Stay at Beach.

After spending more than 30 hours very delightfully at Wrightsville Beach, where they were guests at the Tarrymoore Hotel, about 130 excursionists from Winston-Salem and intermediate points left at 10 o'clock last night on the return trip. The excursion was operated by Mr. Garland Daniels, a prominent business man of Greensboro, and took on passengers as far down as Siler City. Mr. Daniels operated an excursion to the seashore last year when it required eleven coaches to accommodate the crowd. Why the crowd was so small this year is a problem as yet unsolved by the manager of the excursion. However, those who came down had a most enjoyable outing and a number will return later in the season for a sojourn of several days.

JUDICIAL CONVENTION TODAY

Candidates for Solicitor and Delegates Arriving for the Battle This Afternoon at the Court House.

Delegates began to arrive yesterday for the Fifth Judicial District Democratic convention to be held in the Court House in this city this afternoon, convening at 2:30 o'clock. The most important matter before the convention will be the nomination of a candidate for solicitor to succeed Solicitor Rodolph Duffy, of Onslow, who declined to make the race for re-nomination in order to run for Congress in the Third Congressional District.

There are three active aspirants for the nomination, H. D. Williams, Esq., of Duplin; H. E. Shaw, Esq., of Lenoir, and H. A. Grady, Esq., of Sampson, and each have a strong following.

The district is composed of six counties and the following is the vote of each in the convention:

New Hanover	42
Lenoir	30
Sampson	28
Onslow	20
Pender	20
Duplin	33
Total	173

Necessary for choice, 86 1-2 and any fraction.

The candidates themselves and their friends were hard at work yesterday and last night and they will continue their efforts until a nomination has been made. It is stated that none of the candidates will go in the convention with sufficient to nominate. While some of the delegates arrived during the day a majority will come in this morning and on the noon trains. In addition to the delegates a large number of the friends of the different candidates will be on the ground and do personal work for their favorite candidate. The vote of New Hanover county will be divided between Messrs. Williams and Grady, with a majority perhaps favoring the former. However, the exact strength of each candidate will not be known until the convention meets and the first ballot has been taken.

FAMILY RE-UNION IN DUPLIIN.

Pleasant Gathering at Warsaw Yesterday of Middleton Family.

Mr. W. P. Middleton returned last evening from Warsaw, Duplin county, where yesterday he attended a reunion of the family, which was indeed a most pleasant occasion for all assembled there. The re-union was held at the old home place of the late Mr. D. J. Middleton, grandfather of Mr. W. P. Middleton, now occupied by Mr. H. D. Middleton, the youngest son of the deceased. Mr. D. J. Middleton was born January 20th, 1827, and died February 21st, 1904, and his wife, Mrs. Lucy Middleton, was born October 3rd, 1828, and died October 4th, 1898. Surviving are nine sons, all of whom are married and eight of whom were present on the happy occasion yesterday, the other brother being detained at home on account of illness, but his wife was present. There are 41 grandchildren living, five of whom are married, and there are seven great grandchildren, making a total of 71 members of the family. Of this number 55 were present yesterday, although members of the family live in four different States. It was the first reunion of the family and it was also the first opportunity many had ever had to meet and greet one another. At noon a dinner was served in good old-fashioned picnic style in the beautiful grove surrounding the house. It was one of those dinners that only people living outside of a city know how to prepare and the edibles were partaken of with a relish by all. It was indeed an elegant spread and there was enough to have fed twice the number. In the afternoon the happy gathering came to an end, many of the members of the family leaving for their homes, but some remained in the community for a visit of several days.

AFTER SUFFERING ONE YEAR

Cured by Lydia E. Pinkham's Vegetable Compound

Milwaukee, Wis. — "Lydia E. Pinkham's Vegetable Compound has made me a well woman, and I would like to tell the whole world of it. I suffered from female trouble and fearful pains in my back. I had the best doctors and they all decided that I had a tumor in addition to my female trouble, and advised an operation. Lydia E. Pinkham's Vegetable Compound made me a well woman and I have no more backache. I hope I can help others by telling them what Lydia E. Pinkham's Vegetable Compound has done for me." — MRS. EMMA IMSE, 833 First St., Milwaukee, Wis.

The above is only one of the thousands of grateful letters which are constantly being received by the Pinkham Medicine Company of Lynn, Mass., which prove beyond a doubt that Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, actually does cure these obstinate diseases of women after all other means have failed, and that every such suffering woman owes it to herself to at least give Lydia E. Pinkham's Vegetable Compound a trial before submitting to an operation, or giving up hope of recovery.

Mrs. Pinkham, of Lynn, Mass., invites all sick women to write her for advice. She has guided thousands to health and her advice is free.

INLAND WATERWAYS ROUTE

Learned From Reliable Source That It Will Go by Wrightsville and Connect With Cape Fear Near Orton Place.

It was learned yesterday morning from an unofficial, but reliable source that the government has practically decided upon the Wrightsville Sound route for the proposed inland waterways project, of which much has been said and written of recent years, and work on which has been progressing for some time at Beaufort, N. C. This means that the route will not be by Wilmington, but will go by Wrightsville Beach and connect with the Cape Fear river at a point near the Orton Plantation.

This information, though not official, will be received with interest by the people of this entire section, and already there is much discussion among local business men as to whether this city will be benefitted as much from the route likely to be adopted as it would be if the route was by Wilmington. Some say that the benefits to Wilmington will be just as great, while others hold opposite views and there are still others who find it hard to settle in their own minds which would be the best. However, all agree that the route by Wrightsville Sound will benefit Wilmington to some extent. It was thought very probable that it will be necessary to establish a coaling station at Wrightsville, and there is no doubt of the fact that the sound route will mean much for Wrightsville Beach. As Banks Channel would be used it would be necessary for the Tidewater Wower Company to construct a draw bridge in place of the one now in use, and it is understood that officers of the company are already thinking about plans for the new structure. It is expected that some official announcement of the route chosen will be made in the near future.

Negro Given Six Months on Roads for Assault—Appeal.

Charged with assault with deadly weapon upon John Hill, colored, on Fanning street late Wednesday afternoon, Henry Sharpless, colored, was given a hearing before the Recorder yesterday morning, found guilty and sentenced to six months on the county roads. It was in evidence that Sharpless drew a gun on Hill. The defendant later employed L. Clayton Grant, Esq., as counsel, and through him took an appeal to Superior Court. CHILDREN'S SOUVENIR DANCE AT LUMINA.

One of the most successful affairs that ever took place at Lumina was the children's souvenir dance last night. There were scores of little ones on the ballroom floor and the scene was a very pretty one, and was much enjoyed by hundreds of spectators. The children had the floor from 8:15 until 9:15. At 9 o'clock the children formed in line for the grand march. They marched through several pretty figures that were heartily applauded by the spectators, after which they formed in single file to receive the souvenirs. The souvenirs were green paper alligators. There were 250 children in the grand march and they all enjoyed themselves greatly. The affair proved such a successful one that it will probably be repeated again very soon.

PHILATHEA CLASS OUTING.

Excursion to Carolina Beach on the Steamer Wilmington.

The excursion to Carolina Beach last night on the steamer Wilmington, under the auspices of the Philathea Class of Trinity Methodist church, was largely patronized and it was one of the most enjoyable outings of the season. The pleasure of the evening was marred for a great many on account of the sudden illness of Mrs. Walter Penny, who was seized with an attack of acute indigestion while at the beach, and the later illness of her sister-in-law, Miss Bessie Penny. The latter was much improved when the boat arrived here shortly after midnight, her illness being due mainly to anxiety about her sister-in-law. Mrs. Penny was still very ill and both ladies remained on the boat until a carriage could be sent down to convey them to their home, where a physician was waiting to give the necessary medical attention.

Aside from the illness of the ladies, the trip was one of the most delightful of the season. "Judge" Bornemann and his Glee Club added much to the pleasure of all on board the boat by the rendition of a number of selections, while an excellent programme was rendered in the beach pavilion by members of the Junior Epworth League of the church.

Three Burglary Calls.

The police answered three burglary calls last night, but in neither instance were they able to get any clue to the identity of the intruders, if there were any. One call was on Second, between Chesnut and Grace, where it was reported that a purse was stolen from one of the rooms of a residence; the second on Fifth, between Dock and Orange, and the third, a vacant house on Fifth, between Princess and Chesnut. There was nothing to indicate that either of the two last named places had been entered.

CHARLTON MAY GO FREE.

Confessed Wife Murderer Will be Arraigned Today.

New York, July 7.—When Porter Charlton, who was arrested in Hoboken two weeks ago and confessed to killing his wife and throwing her body into Como Lake, Italy, is arraigned tomorrow in Jersey City in the court of common pleas, Edward Smith, one of the counsel for the young prisoner, will ask a further postponement of the hearing on the ground that the matter of Charlton's extradition to Italy is still unsettled.

The complaint against Charlton asks that he be held for 60 days from the day of his arrest. Should the United States government not take some action in the matter before that time there would be nothing to prevent Charlton going free, as no charge would remain upon which to hold him.

Charlton is still in the county jail in Jersey City.

MR. AND MRS. LUCAS BEREAVED.

Little Ten-Months-Old Daughter Passed Away in Charlotte Yesterday.

The hosts of friends in Wilmington of Mr. and Mrs. John Paul Lucas, of Charlotte, will tenderly sympathize with them in the death of their infant daughter, Alice, aged 10 months, which occurred yesterday after a lingering illness. Mrs. Lucas is pleasantly remembered in Wilmington as Miss Alice Charles-Craft, daughter of Mr. and Mrs. Archibald Charles-Craft, and her many friends here and throughout the State will extend the most heartfelt sympathy to her and the young husband upon the great sorrow which they are called upon to bear. The funeral and interment will take place in Charlotte.

Yesterday afternoon's Charlotte Chronicle says:

"Alice Charles-Craft Lucas, the 10-months-old infant daughter of Mr. and Mrs. John Paul Lucas, died this morning at 7:30 o'clock at the home of her parents, No. 1408 East avenue extension.

"The death of the little one has caused the deepest sorrow in the home where she was so tenderly nursed and loved and among the devoted friends of the grief-stricken parents there has been sadness today.

"Since birth the baby girl has been delicate and has been under the care of physicians all her life. A week ago Mrs. Archibald Charles-Craft, of Wilmington, the mother of Mrs. Lucas, arrived in the city and has been with her during the past week, assisting in the loving care of and ministrations to the sick child. In spite of the alarming illness, the death this morning came as a great shock and in the Chronicle office, where Mr. Lucas is city editor and a devoted friend of "the force" the news from his home was received with the deepest sorrow.

"At 4:30 o'clock this afternoon the funeral services will be conducted from the home by Rev. Gilbert T. Rowe, pastor of Tryon Street Methodist church. The pall-bearers will be Messrs. Lee B. Weathers, Preston Allen, Frank M. Caldwell and Victor L. Stephenson. The interment will be at Elmwood."

WOMAN ELECTED PRESIDENT.

Will Head National Education Association—Conference Yesterday.

Boston, July 7.—Women teachers showed their knowledge of politics today by pushing Mrs. Ella Flagg Young, superintendent of the public schools of Chicago, through to a triumphant election as president of the National Education Association.

Her opponent Zacharias Xenephon Snyder, president of the State Normal School of Colorado, who was the selection of the nominating committee, representing all the States was defeated by a vote of 617 to 376 in the general convention.

It took a clear parliamentary head to cut the knot which the nominating committee had tied about Mr. Snyder, but the women were equal to the task and after Mrs. Young had resigned as a candidate for second vice president on the ticket presented to the general convention, her friends put her up as a direct candidate against Mr. Snyder. When Mrs. Young was declared the winner, the convention immediately accepted the other names presented by the committee as follows:

Treasurer, P. W. Springer, Michigan.

Vice Presidents, James Y. Joyner, Raleigh, N. C.; Miss Julia Richman, New York; F. L. Cook, Spearfish, S. D.; George A. McFarland, Valley City, N. D.; Thomas C. Miller, Shepardstown, W. Va.; Charles S. Foss, Reading, Pa.; Homer F. Sweerley, Cedar Falls, Iowa; F. O. Hayes, Alva, Okla.; E. T. Fairfield, Topeka, Kan.; Samuel Avery, Lincoln, Neb.; C. A. Duniway, Bozeman, Mont. A director from each State also was chosen.

Particular attention was paid to the education of the child in the addresses at today's meeting. During the afternoon State Teachers Associations and those interested in school gardens and religious training also held sessions.

At the general session this evening education along broad lines was discussed.

The convention will close tomorrow night.

The resolutions of the association adopted at the general business meeting were in part as follows:

"The National Educational Association reaffirms its unalterable opposition to any division of the public school funds among private or sectarian schools and believes that appropriations from the Federal and State treasuries in support of private educational institutions is in direct contravention of the fundamental principles upon which our system of American public school education has been founded and has prospered."

The directors decided unanimously to hold the next convention in San Francisco in 1911.

The claims of San Francisco were eloquently presented by Alfred Roncovieri, superintendent of schools of that city.

BOSTON PAPER FAILED.

Receivers Named Yesterday for The Herald Company—Indebtedness.

Boston, July 7.—On petition of the International Paper Company, Judge Colt in the United States Circuit Court late today appointed John Norris, of New York, an official of the American Newspaper Publishers' Association, and Charles F. Weed, an attorney of this city, receivers of the Boston Herald Company. Including a bond issue of $1,700,000 the indebtedness is about $2,200,000.

The court authorized the receivers to issue $50,000 in certificates to enable the business to be continued. In its petition to the court, the International Paper Company declared that the Herald Company owed it $90,520 for news print paper.

SULLY HELD IN CONTEMPT.

Former "Cotton King" Ordered to Pay Fine of $3,800.

White Plains, N. Y., July 7.—Daniel Sully, long known as the "cotton king" was declared in contempt of court today by Justice Mills, of the State Supreme Court and ordered to pay a fine of $3,800 and $40 costs.

The case grew out of Sully's failure several years ago when Wm. Marmon Black, a judgment creditor obtained a court order restraining Sully from paying out any money until the suit of Black had been settled. Black contended that Sully had committed contempt of paying $4,600 to his (Sully's) wife after the order had been issued. Sully said the payment represented his salary of $400 a month for a little less than a year.

BLUEMONT HOTEL BURNS.

Guests Had to Make Hurried Escape From Building.

Bluemont, Va., July 7.—Blueridge Inn, the largest hotel at this Summer resort, was totally destroyed by fire early today. Several scores of guests and servants who were sleeping when the fire was discovered escaped without injury, although a number of persons had to jump from windows to get out of the burning building. The loss is estimated at $40,000, only partially covered by insurance.

Berlin, July 7.—Baron Mumm Von Schwartz Enstein, the German ambassador to Japan, who has returned from a tour of investigation in Korea and South Manchuria, records among other remarkable evidences of Japanese activity, that 2,500 tons of coal are being taken daily from the Fushun mines which Japan acquired by the Portsmouth treaty. Only three shafts had been sunk into a coal seam 149 feet thick when the ambassador visited the mines. Two others are nearly ready and a total production of 7,000 tons per day is expected.

RENEWED STRENGTH IN COTTON

More Aggressive Bull Support on Market—Closed Firm at Gain of 8 to 13 Points—Liverpool's Steady Showing.

New York, July 7.—Following yesterday's reaction the cotton market showed renewed strength during today's trading on covering by shorts and more aggressive bull support with the close firm at a net gain of 8 to 13 points. The opening was steady at an advance of four points on July which was influenced by covering, but generally unchanged to 6 points lower under a renewal of yesterday's selling movement which was encouraged by rather a better weather map and continued unfavorable trade advices.

Liverpool made a fairly steady showing, however, many bullish private crop advices came in from the South, and when it was seen that the bull leaders and shorts were willing to buy all the near months offering the market became much steadier in tone, and at times showed traces of an urgent demand for the old crop positions. After selling up to a net advance of about 10 to 14 points the market reacted 6 or 7 points under realizing while trading which had been quite active early became comparatively quiet. But no real weakness developed and later in the day the market firmed up again on a renewal of covering and bull support with last prices within a point or two of the best. A message received from San Antonio offered 55 bales of new crop cotton for July shipment, but while suggesting a fairly early new crop movement this made no apparent impression of sentiment, and old crop shorts seemed to be nervous owing to private cables reporting that there would be no further shipment from there to New York for delivery on contract and the fact that no large amount of cotton appears to be heading in from the South.

Southern spot markets officially reported early were unchanged to 1-8c higher. Weather reports showed rather less rain in the Eastern belt, but considerable precipitation in sections of the central belt, which were sending in unfavorable crop reports and there was no general rain in Texas.

Receipts at the ports today 6,077 bales against 6,576 last week and 846 last year; for the week 70,000 bales against 23,611 last week, and 18,897 last year. Today's receipts at New Orleans 3,651 bales against 349 last year.

Spot closed quiet; middling uplands 15.35; middling gulf 16.50; sales 1,586 bales. Cotton futures opened steady and closed firm.

STEADY DAY FOR COTTON.

Market Showed Strength After Late Decline—Bullish News.

(Special Star Telegram.)

New York, July 7.—Today the market showed considerable strength after the late decline, the statistical position and crop news aiding the bulls, who, however, were not conspicuous buyers, though confident as usual. The steadiness of the market is causing considerable change of view, although the tendency is to go slow, and the trading continues professional, with outsiders apathetic. Liverpool shows little vigor and is indifferent to the crop reports. Memphis is conspicuous in complaints, and the market worked up on the news. Texas is not promising so well, and as usual some reduced estimates are made for that State. While the market was tame early in the day, the bullish news had its influence, and the West sent buying orders.

STOCK MARKET IS BAFFLING

Thinning of Market Striking Features to Trading Element Yesterday—Uncertain Fluctuations—Conditions About Same.

New York, July 7.—Today's stock market proved quite baffling to attempts at interpretation or analysis. The thinning of the market was striking feature evidenced not only in the diminished volume total transactions but in the considerable range traversed by prices of usually active stocks without encountering any order for execution and shown in the wide variations between sales. The uncertain and halting fluctuations proved extremely puzzling to the trading element.

The news of the day offered no striking change in conditions affecting values. The firm closing tone helped by the regular St. Paul dividend did not entirely dissipate the uncertainty over the trend of the market movement.

Confirmation was had of the reports current yesterday of the engagement of $1,750,000 in gold for shipment to New York.

Private discount rates in Berlin and Paris declined today and the great foreign banks all showed the quick recuperation incident to the turn of a period of money settlements. The week's repayments to the Bank of England reached the unusual total of $24,500,000 and the public deposits also were drawn down $15,836,000. That it was left standing, nevertheless, at the sum of $107,570,000 compared with only $41,887,000 at this time last year.

The decline of wheat in face of continued reports of damage to Spring wheat was attributed to the excellent prospects for the Winter wheat yield and this had considerable effect on stock market sentiment.

Bonds were irregular. Total sales par value $1,660,000. United States bonds were unchanged on call.

Total sales for the day 572,400 shares including: Copper 37,300; Sugar 100; Tobacco 500; A. C. L. 1,200; C. & O. 7,600; L. & N. 1,100; N. & W. 100; Reading 104,400; Sloss-Sheffield 100; Southern 1,400; do preferred 200; U. P. 101,300; U. S. Steel 132,700; V. C. C. 1,100.

MILITARY MANEUVRES.

Washington Company of National Guard—Primaries and Convention.

(Special Star Correspondence.)

Washington, N. C., July 7.—The local military company has perfected arrangements for a practice march covering 24 hours. The start will be from the city armory Saturday afternoon. Capt. R. B. Cowell with 45 men will participate in the march. The company will be divided into two platoons, each in command of a lieutenant, the two platoons to be pitted against each other in manouvres, with Capt. Cowell acting as umpire. The troops are to work out a modern war problem, on a small scale, using automobiles, and keeping close touch with each other by telephone. They will also make maps of the section around Tranter's creek as well as do their own pontooning. About 80 pounds will be the pack weight of each man, officers baggage and ammunition being limited to one wagon.

The chairman of the County Democratic Executive Committee has announced that the primaries for nominations of county officers will be held in the respective precincts of the county Friday and Saturday, August 5th and 6th. The county convention will be held in the court house Wednesday, August 10th. County politics have been waxing warm during the past few weeks and there are several candidates for some of the county offices.

How delicious were the pies of boyhood. No pies now ever taste so good, what's changed? The pies? No. It's you. You've lost the strong, healthy stomach, the vigorous liver, the active kidneys, the regular bowels of boyhood. Your digestion is poor and you blame the food. What's needed? A complete toning up by Electric Bitters of all organs of digestion—Stomach, Liver, Kidneys, Bowels—Try them. They'll restore your boyhood appetite and appreciation of food and fairly saturate your body with new health, strength and vigor. 50c at Robert R. Bellamy's.

CLAUDE KITCHIN RE-NOMINATED.

Convention Wednesday in Rocky Mount—Harmonious.

(Special Star Correspondence.)

Rocky Mount, N. C., July 7.—At the Ricks hotel yesterday afternoon at 1:30 o'clock the delegates to the Democratic Congressional convention of the Second District held a regular meeting in the assembly hall. The duties before them was in the main part the naming of a candidate and a national representative from the Second District. Hon. Claude Kitchin was unanimously chosen to succeed himself.

The meeting was called to order by Mr. R. G. Allsbrook, of Tarboro, while Mr. John Woodward, of Wilson, was named as chairman and Mr. John Gold, editor of the Wilson Daily Times, was made secretary of the meeting. The first motion was that the temporary organization be made permanent and upon motion and second this was done.

As the candidate named was present in the audience he was called upon for a speech and he responded with a 15-minute talk that was amply fitting to a body that had named him as its candidate.

COLUMBUS REPUBLICANS.

Executive Committee Meets—Democratic Senatorial Race Close.

(Special Star Correspondence.)

Whiteville, N. C., July 7.—A large and enthusiastic meeting of the Republican Executive Committee for Columbus county was held in Whiteville today. Several matters pertaining to the welfare of the party were discussed and determined upon and a plan of campaign was outlined. It was determined to make a vigorous fight with the Democrats for every one of the county offices. A county convention was called for the purpose of electing delegates to the State, Congressional, Judicial and Senatorial conventions of the party and for the transaction of any other business that might come before the convention. The convention for the county will be held in the Court House at Whiteville on Saturday, August 6th, and the precinct conventions for the several voting precincts of the county will be held Saturday, July 30th, at 3 P. M.

It is understood that the Republicans will make a vigorous fight against our Congressional nominee at Wrightsville Beach. Their leaders are confidently counting on either a split up in that convention, or that the bitterness injected into the campaign will so divide the Democrats as to enable them to elect their candidate. that they had their man picked out, A leading Republican stated today and he was a winner.

The Senatorial contest in this district is exciting almost as much interest as the Congressional race. The convention will be held at Clarkton, August 10th. It is a nip-and-tuck race between Messrs. McRackan and Greer, with Mr. C. C. Pridgen, of Tabor, holding the balance of power. A gentleman who talked with Mr. Pridgen yesterday says he would not accept the nomination if tendered him.

NEW GOVERNMENT.

Columbia Trying Out New Plan of Commission Rule.

Columbia, S. C., July 7.—Columbia has not only a new form of government but a new municipal administration, and sufficient changes are being made from the old order to keep the citizens aware of these two facts.

Civil service has been introduced, the whole system of city accounting changed, the water rates altered, Recorder Stanley and Auditor Allen displaced after terms of eight and twelve years; and several other changes made in city hall personnel. The police reserve and squad has been furnished with motorcycles and the purchase of a motor patrol wagon is contemplated. No reproduction here of the moving pictures of the Jeffries-Johnson fight is to be permitted.

But perhaps the most radical innovation is the inauguration of a system whereby one of the liquor cure concerns, under contract with the city, will treat free of charge to the patient such confirmed inebriates as may be designated for anti-alcohol cures by the recorder. A special ward is being fitted up at police headquarters for the accommodation of those undergoing this don't-do-it-any-more treatment at the city's expense.

THREE MEN INJURED.

Huge Cinder Fell on Workmen—May be Fatally Hurt.

Pittsburg, July 7.—While being lifted from a furnace pit at the Homestead Steel Works today, a huge cinder, weighing several tons burst as it was hoisted in mid-air by one of the great cranes, and parts of it were thrown in every direction. Some of them, a hundred or more pounds in weight, struck the three men that had fastened the chains about it, and who stood by watching it soar to the dome of the building. Andrew Cain, Frank Zihes and Jeremiah Stilley are in the hospital with burns and serious wounds.

Zihes' clothing caught fire from the fragment that felled him, and fellow workmen extinguished the flames with buckets of water. A score or more of workmen less seriously injured were treated at the Emergency Hospital in the steel plant.

HEAD OFF BOLL WEEVIL

Georgia Entomologist Takes Steps to Prevent the Pest.

Atlanta, Ga., July 7.—Warnings have been issued to the transportation lines entering Georgia by E. L. Worsham, State entomologist, against handling cotton seed, cotton seed oil hulls, lint or cotton from those sections of the South known to be infested with the boll weevil, unless such shipments are accompanied by an affidavit from a State entomologist stating that the product did not come from an infected part of the State, in accordance with the State quarantine laws.

It has been reported to Mr. Worsham that because of the scarcity of cotton seed oil hulls, Georgia dealers now are importing hulls from other section of the South. It is feared that in this way the Mexican boll weevil, which is known to be on its way toward this section, may arrive before steps can be taken to prevent its spread.

BEVERIDGE HAPPY

TEDDY TO SPEAK

(Continued From Page One.)

but the New Hampshire Republican organization has not opposed his nomination. Mr. Roosevelt wanted to know about the situation in New Hampshire and as I am an old friend of his I came down to tell him."

"Did Mr. Roosevelt indicate what his attitude was in regard to the fight in New Hampshire?"

"Only by his friendly attitude. He said nothing to show his views." Then Mr. Churchill produced a paper on which he had written a statement. Here it is:

"Our whole purpose in New Hampshire this Summer is to make Mr. Bass governor and to elect a Legislature to support him. We have done nothing else, we have meddled with nothing else. We know that Mr. Bass is uncompromising. He has been with the progressive movement since its start. He is incapable of making political deals.

"The people of the State trust him and his nomination and election will be a clear cut victory, a signal stage in the fight we began four years ago."

Senator Carter on his return from Sagamore Hill on his way to New York said that while his visit was not a political one he had given the colonel considerable information about the situation in the West.

"I assured him," said Senator Carter, "that the alleged divisions in the West were greatly exagerated and that many of us were trying to attain the same ends through different methods."

Senator Carter said that he had assured Colonel Roosevelt that the strength of the Insurgent movement in the Northwest had been over estimated. The Senator was asked if there was any possibility of a breach between President Taft and Colonel Roosevelt and he replied:

"I can see no danger of it. Mr. Roosevelt will probably have more of a soothing influence than any other."

In addition to the political talks the colonel also found time to talk about hunting in Africa. John Burroughs, the naturalist, who spent the night at Sagamore Hill, and T. J. Ader, who dropped in for luncheon, swapped stories of the jungle with him.

Kern Not Surprised.

Indianapolis, Ind., July 7.—John W. Kern, Democratic candidate for Albert J. Beveridge's seat in the United States Senate tonight said that he had received a private communication from New York that Colonel Roosevelt would speak in Indiana in Beveridge's behalf.

"Will you answer Colonel Roosevelt on the stump?" Mr. Kern was asked.

"I decline to make any comment," he answered.

"Were you surprised at the news?"

"I am surprised at nothing."

RUNYON WILL NOT RECOVER

Richmond Boy Charged With Crimes Hurt While in Swimming.

Richmond, Va., July 7.—Ely Runyon, the 19 year old Richmond boy, who has gotten into serious trouble with the police of this city, Savannah and Washington, and who was arrested in the last named city Thursday last on a charge of house breaking and turned over to the officials of the young republic, on the outskirts of the District, was probably fatally injured on the Fourth of July when in diving, from a spring board, he struck his head against a submerged rock and fractured one of his spinal vertebrae. He was brought to a Richmond hospital, where he is under treatment and where it is stated that he will probably not survive more than a week longer at most. It has been believed that the boy was mentally irresponsible.

SUES A. C. L. FOR $20,000.

Colored Porter Killed Near Wilmington Starts Suit in Anson.

Wadesboro, N. C., June 7.—Henry Johnson, colored, according to the Messenger-Intelligencer today, has through his attorney, Jas. A. Lockhart, Esq., commenced suit in the Superior Court of this county against the Atlantic Coast Line railroad for damages on account of the accidental killing of his son, J. W. Johnson, while in the employ of the railroad. The accident by means of which Johnson lost his life occurred near Wilmington on the 5th day of May while Johnson was running as porter on a Coa Line passenger train. It is alleged that the accident was due to the negligence of the defendant railroad, and the amount of damages asked for is $20,000. The elder Johnson lives in Morven township.

"UMPS" WHIPPED SIX.

Blamed Players for Pink Slip—Greenwood, Miss., Team.

Jackson, Miss., July 7.—Umpire Hunt last night whipped six of the members of the Greenwood, Cotton States League baseball team. He was fired a few days ago and blamed Orth Collins and Jack Law. Last night on meeting Collins something was said about the matter and Collins accused Hunt of umpiring and betting on games at the same time and was promptly knocked down. A few minutes afterward Hunt walked into the Lemon Hotel where the Greenwood team was stopping and spoke to Jack Law, who replied with a blow in the face. This brought on a fight between Hunt and six of the players in which Hunt came out victorious.

DARE NOT RISK FLIGHTS

Curtiss and and Hamilton Postpone Atlantic City Events.

Atlantic City, N. J., July 7.—Attempts to make flights in the Atlantic City Aero Club competitions were officiany declared off at 4 P. M. today, after the southerly blow of this morning had freshened into a half gale. WHITEVILLE IMPROVEMENTS.

Street Bonds Soon Ready—Lights Installed—Mills Road.

(Special Star Correspondence.)

Whiteville, N. C., July 7.—The parties who bought the Whiteville street improvement bonds have employed Col. D. J. Lewis to investigate the validity of their issue, and for the past ten days he has been examining the papers, etc., relating to their issue. Thus far Col. Lewis says he finds everything straight. The money is held up waiting his report. When the bonds are paid for, work on our streets will begin.

The placing of electric lights in the Vineland section of the town is fast progressing, and in a few days the plant will be ready for operation. At present the lights will not extend further up town than the residence of Dr. Crowell, on Madison street, but it is hoped that the authorities will arange to have the entire town and streets lighted by electricity.

A gentleman who is in close touch with the Mills railroad, building from Fayetteville to Clarkton, says there is no doubt about the Southern railroad being behind the enterprise, and that the road will be extended either to Wilmington or Southport.

Besides editing a handbook of Latin poetry, he compiled a volume of fairy tales and was the author of a course in physics and of a European guide book.

MICHIGAN FOREST FIRES.

Whole Town Threatened—Farms and Timber Lands Destroyed.

Houghton, Mich., July 7.—Fanned by a 65-mile gale, which blew for an hour and a half tonight, dangerous forest fires are threatening the town of Ripley, near Hancock. There has been no rain here for nearly two weeks and the situation is becoming serious. Fierce forest and grass fires are raging in the vicinity of Ontonagon, driving out homesteaders and bringing destruction to small settlements, timber lands and farms. Great damage has already been done.

All the district north of Greenwoods is ablaze, crews of men are fighting the flames, which threaten the village.

OPIUM FACTORY RAID.

Chinaman Being Held by Revenue Officers in St. Louis.

St. Louis, Mo., July 7.—An alleged opium factory was raided here early today and its owner, Joe Sing, a Chinaman, is being held by federal revenue officers.

His body hung across the wires for 15 minutes before the current could be shut off and was badly burned. Graves came here four months ago from Harriman Junction, Tenn. He was about 28 years old and unmarried.

DEADLOCK IN TWELFTH.

Gastonia Convention Unable to Nominate a Solicitor for District.

Charlotte, N. C., July 7.—The 12th district Judicial convention, which met at Gastonia this afternoon to nominate a solicitor, is apparenly hopelessly deadlocked. Charlotte's two candidates, Smith and Shannonhouse, are well in the lead, but on the 420th ballot this morning the break is not in sight.

PROTEST AGAINST RATES.

Representatives of Three States Petitioned Commission.

Indianapolis, Ind., July 7.—Representatives of the State Railroad Commissions of Indiana, Ohio and Michigan, at a joint meeting today petitioned the Interstate Commerce Commission to suspend the operation of new freight rates submitted by railroads in central freight association territory, pending thorough investigation of the rates.

The railroad commissions, the petition sets out, believe the rates, which have been submitted to go into effect on August 1st, are excessive. The petition recites that the carriers composing what is known as the Central Freight Association, have published and filed tariffs applying on classes and commodities carrying rates which are an advance over existing rates of 15 to 25 per cent.

"Believing that these advances are excessive, are not justified by conditions and that they will work a hardship on the shipping public and on consumers, we respectfully pray that your honorable body exercise its authority and postpone the taking effect of these tariffs until such time as a full investigation can be made, your petitioners can be accorded an opportunity to make full investigation and be heard and the carriers have been required to show by sufficient evidence that the advances are justified."
